

Capital Dynamics Named a Winner of the ‘Best Places to Work’ by Pensions & Investments

Award acknowledges commitment to building and maintaining a strong workplace culture

Zug, Switzerland – December 14, 2022 – Capital Dynamics, an independent global private asset management firm, announced that it has been named a winner of the ‘Best Places to Work’ at the 2022 Best Places to Work in Money Management awards. Presented by Pensions & Investments, the global news source for institutional investors, the 11th annual survey and recognition program is dedicated to identifying and recognizing the best employers in the private assets industry.

“We are honored to receive this prestigious industry accolade that recognizes the strength and success of our workplace culture,” said **Martin Hahn, Chief Executive Officer at Capital Dynamics**. “Capital Dynamics prides itself on being ‘Truly Invested’ in everything we do for our clients, colleagues and the communities in which we operate. This inspires us to develop an atmosphere where our employees can be the best versions of themselves and deliver premium service for our investors.”

“Capital Dynamics is dedicated to supporting employees across all stages of their careers and using inclusive hiring practices to source new talent,” said **Hina Ahmad, Chief Operating Officer at Capital Dynamics**. “This recognition underscores the value we place on employee-focused HR practices, for which we were recognized by multiple organizations in 2022, most notably by The Drawdown’s HR & Talent Professional award that was received by our Head of HR, Mandi Akali, and the Real Deals’ Diversity & Inclusion Leader award.”

“As their employees attest, the companies named in this year’s Best Places to Work list demonstrate a commitment to building and maintaining a strong workplace culture,” said **P&I Executive Editor Julie Tatge**. “Even as firms grappled with volatile markets and stresses from the pandemic, their employees said they felt strong support from their managers, enabling them to do their best work.”

Pensions & Investments partnered with Best Companies Group, a research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees.

The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies.
